'FATTY' IN MIDDLE OF COURT TANGLE

Arbuckle To Be Arraigned
In Superior Court on
Count Saturday.

(By the Associated Press.)
SAN FRANCISCO, Sept. 17.—The arraignment of Roscoe Arbuckle in court of Superior Judge Loubach on a charge of manslaughter in connection with the death of Miss Virginia Rappe, came up today, but was continued until Monday, Sept. 26.

SAN FRANCISCO, Sept. 17.—Comedian Roscoe Arbuckle was cast today for a new court scene in the tragedy of Virginia Rappe, motion picture actress, who died, according to accusers of Arbuckle, following a drinking bout and ory at Arbuckle's apartments in a San Francisco hotel as a result of mistreatment by her host.

Today, Arbuckle was to be arraigned in superior court on an indictment of manslaughter returned by the county grand jury. But this arraignment is a mere formality, it was said, and District Attorney Brady was scheduled to ask a continuance of the manslaughter case until action has been taken on the charges of first degree murder pending against Arbuckle in connection with Miss Rappe's death.

The district attorney had announced that the murder charge will be pushed and it will be left to a jury to decide whether Arbuckle shall be convicted of first degree murder, second degree murder, manslaughter or shall be turned free by acquittal. There also was one other alternative, which was that if the police court at the preliminary examination of Arbuckle declined to hold the comedian to answer to the superior court of charges of murder, the state would be forced to go to trial with the manslaughter indictment.

Acquittal or conviction on the murder charge would mean the automatic dismissal of the manslaughter charge for the law holds a man may not be twice held in jeopardy for one cause.

Pressing the murder charge means Arbuckle must remain in jail for some time to come. Dismissal of the murder charge and trial on the manslaughter indictment would mean quick release on bail.

Bail on the manslaughter charge has been fixed at \$5,000 and the attorneys for Arbuckle had put up the cash in anticipation of action by the district attorney favoring the trial on the lesser charge. Arbuckle had hoped to be free today to start for his home in Los Angeles.

GRAND JURY TO PROBE TAMPERING IN CASE

SAN FRANCISCO, Sept. 17.—The county grand jury at its meeting Monday night is to continue evidence that certain witnesses were tampered with in the case of Roscoe Arbuckle, accused of murder in connection with the death of Miss Virginia Rappe, motion picture actress, Harry M. Kelly, secretary of the jury, announced today.

The witness tampering investigation is fixed upon the failure of Miss Zeh Prevost, one of the principal witnesses against Arbuckle, to tell to the jury the alleged facts that she detailed to the police and district attorney. As a result of her failure to testify the jury was compelled to postpone for 24 hours a decision to indict Arbuckle, the district attorney said. A manslaughter indictment was returned against him.

Dr. Arthur Beardslee, house physician at the St. Francis hotel, where the party took place in which Arbuckle was alleged to have fatally injured Miss Rappe, is still being sought by the district attorney and the police. Dr. Beardslee, attended Miss Rappe in the hotel. His testimony is wanted before the grand jury. He is said to be on a hunting trip.

CIRCUS ROBBED OF HEAVY LOOT BY MASKED MEN

(By the Associated Press.)
PORTLAND, Ore., Sept. 17.—Three masked men robbed the Sells-Floto circus treasurer late last night at Vancouver, Wash., and secured between \$28,000 and \$30,000 in cash and drafts, according to reports to a Vancouver newspaper by Jose Condon, legal adjuster for the circus.

The robbers was said to have knocked down Mrs. Grace Hanneford, 60, and her son, who objected to the search of his mother. The money was being transported from the circus grounds to the safe in the treasury car at the railroad yards. The transfer was being made in an auto truck.

The robbers escaped in an automobile.
Harding's Party Back
NORFOLK, Sept. 17.—President Harding and members of his vacation party, who arrived at Hampton Roads on the Mayflower during the night, came ashore today, the president going to the Norfolk country club for a round of golf.

SHIP LEAVES FOR UNCHARTED SEAS

Quaint Little English Boat
To Explore the Frozen
Mystery of Deep.

(By the Associated Press.)
LONDON, Sept. 17.—The Quest, the small ship on which Sir Ernest Shackleton will explore the uncharted section of the South Atlantic, the Pacific and Arctic seas, left Thames today on the starting of her two year voyage. Large crowds gathered on the docks to wish Sir Ernest and his party a successful expedition.

Goos Into Unknown.
LONDON, Sept. 17.—The voyage of The Quest, the quaint little 200-ton ship which is carrying Sir Ernest Shackleton and his party to frozen mysteries in the South Polar Seas, has for its objectives not only oceanographic research but the exploration of a petrified forest and the location of a "lost" island—Tpanaki—the adjacent waters of which have not been sailed for more than 90 years. In addition, soundings will be taken of the ocean plateau surrounding Gough's Island in an effort to determine the truth regarding a supposed underwater continental connection between Africa and America.

Nineteen persons, representing each of the British self-governing dominions, are expected to be aboard when the tiny but staunch craft, "built for tight corners," leaves Capetown, South Africa, for two years' of buffeting its way through the Antarctic ice.

The Quest, which uses both sail and steam, and which may cover more than 30,000 miles before its return home, was constructed according to the personal ideas of Shackleton who, has made several voyages to the Antarctic. He commanded the British expedition of 1907-09, which reached within 97 miles of the South Pole and also the expedition of 1914-15 to Weddell Sea. His present ship is 111 feet long, 25 foot beam and 12 feet in depth. She was built in Norway in 1917 of oak, pine and spruce and has been tested in heavy ice. Her sides are two feet thick and her bows are of solid oak sheathed with steel. Her steaming radius is 9,000 miles and, under sail, in a stiff breeze The Quest can make eight knots. She carries wireless equipment and an airplane with a 25 foot wing spread. She has a glass enclosed bridge and a lookout that resembles a flour barrel.

Major C. R. Carr, an English soldier of fortune, the aviator of the expedition, plans to fly above the Antarctic fogs to scout out passages between the floes through which The Quest may pass. He is also the photographer and naturalist of the expedition. The biplane he will use is one of only three that were ever built.

Major C. R. Carr, an English soldier of fortune, the aviator of the expedition, plans to fly above the Antarctic fogs to scout out passages between the floes through which The Quest may pass. He is also the photographer and naturalist of the expedition. The biplane he will use is one of only three that were ever built.

RIDER DRAGGED ABOUT RING BY WILD HORSE

Frank Reynolds, "rough rider" with the Booger Red outfit which is staging performances at the Fair Grounds, miraculously escaped serious injury Friday when he failed to make a safe landing from a bucking broncho and was dragged twice about the show ring.

Reynolds had ridden his mount and was preparing to leave him by swinging off on a post. The horse suddenly veered as the rider was almost clear of the saddle, causing Reynolds to miss his step. With one foot hooked in the stirrup, Reynolds fell to the ground and was jerked about the arena two times before other riders and workmen with the show were able to stop the racing horse.

The rider was almost unconscious from being dragged around the ring but received only minor injuries to the head and back, doctors said this morning. He is expected to recover rapidly.

SOLDIERS BROUGHT BACK AFTER FLEEING COUNTRY

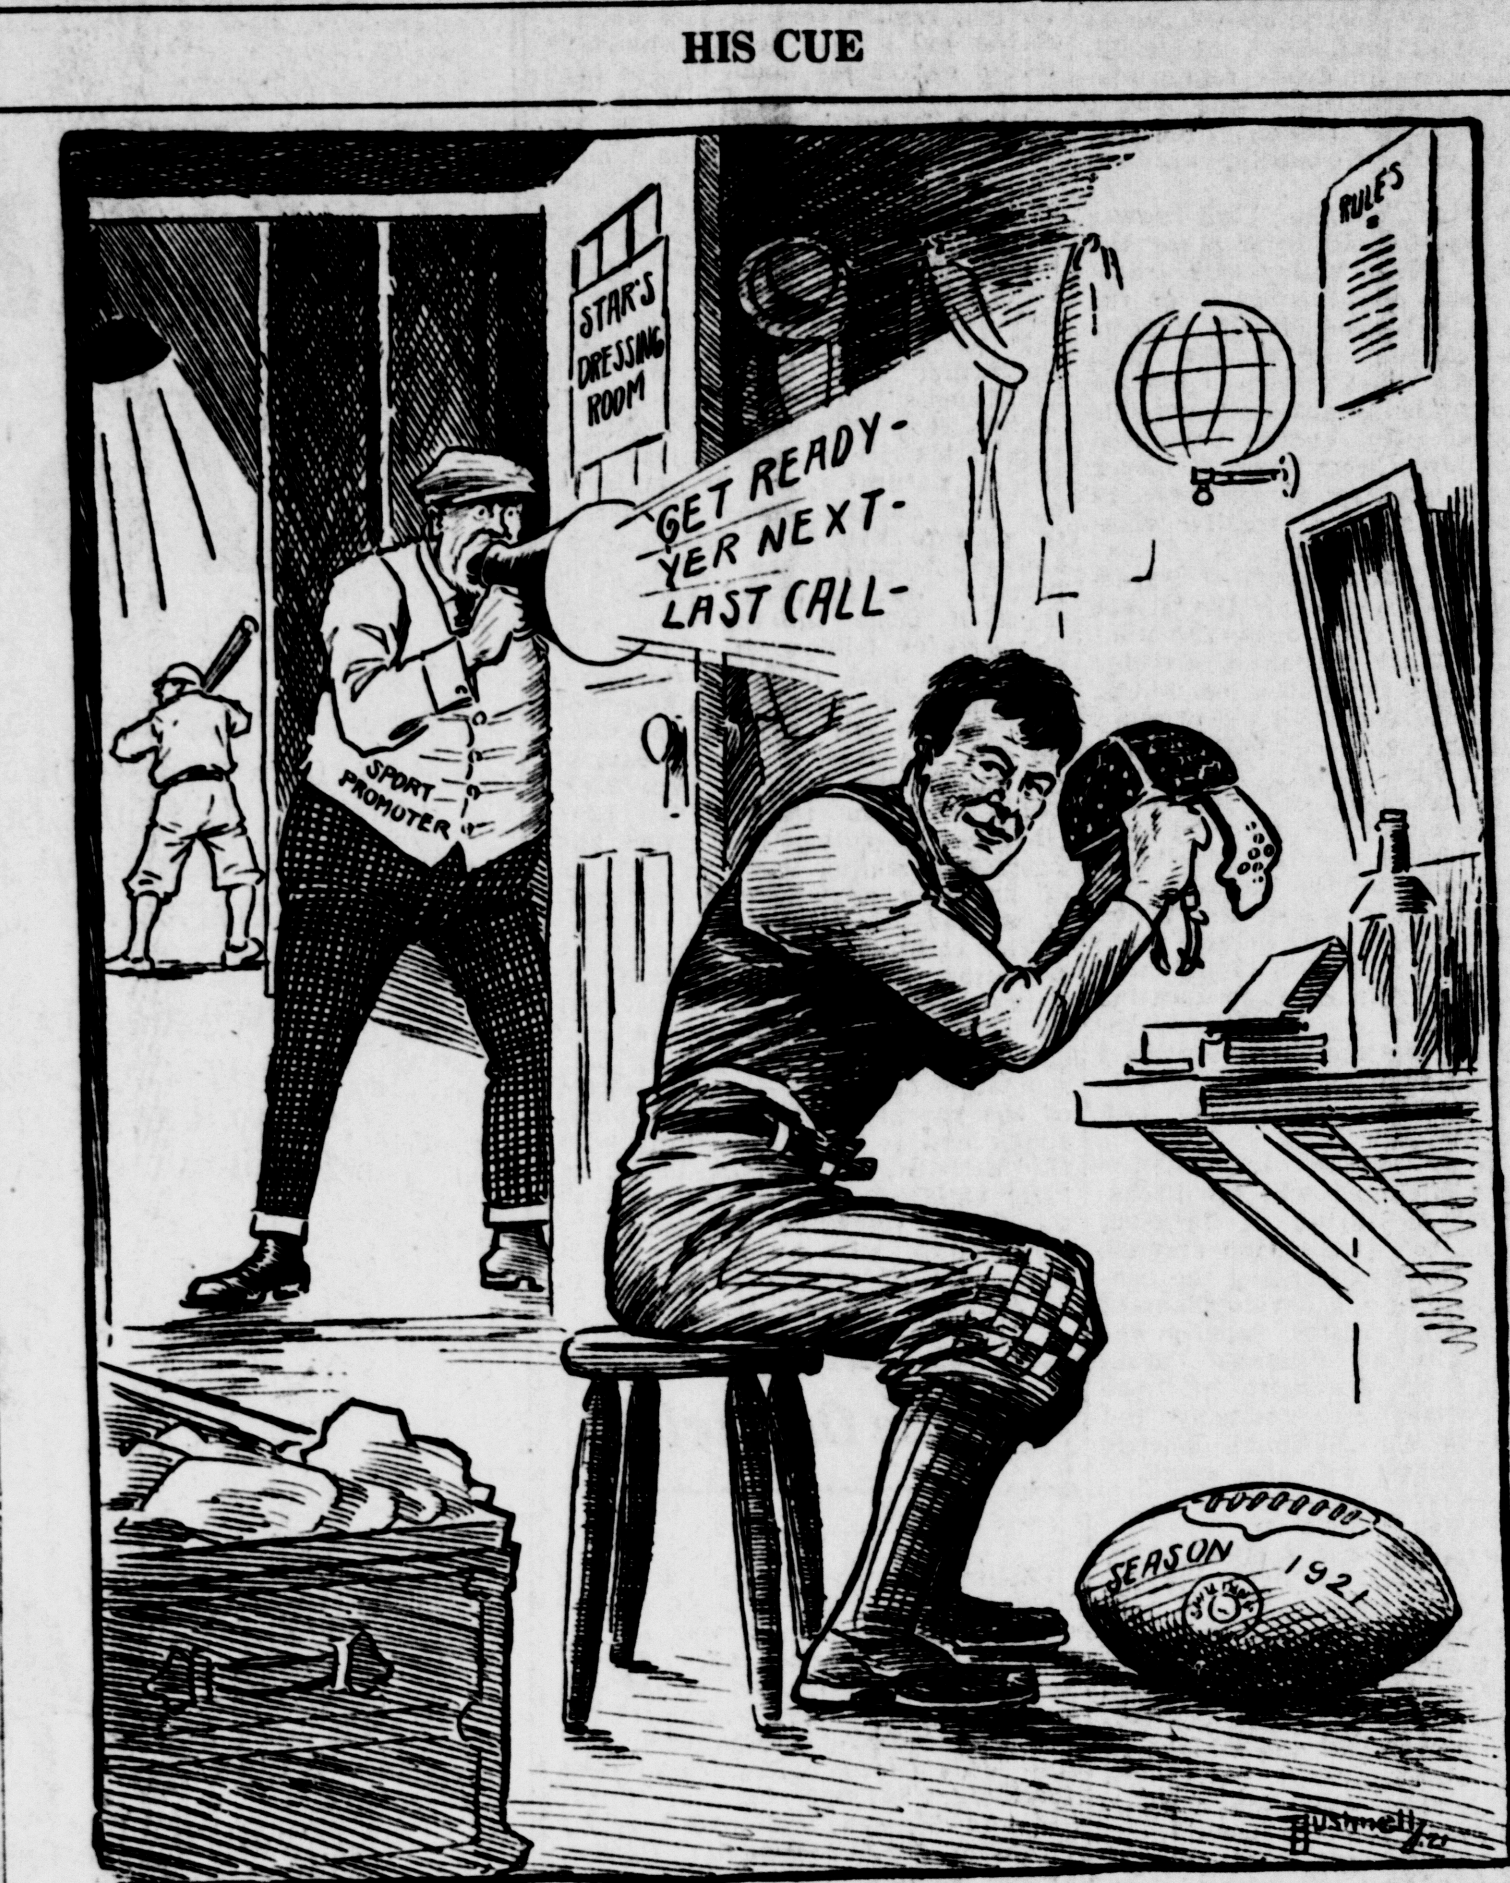

(By the Associated Press.)
LAWTON, Sept. 17.—Private Chas. J. Speck and "Private" Jensen, charged with theft of army goods from Fort Sill, Okla., left the United States and went to Copenhagen, but the law of the army followed them, and they are coming back under arrest, according to federal authorities at the fort.

Soon after the men left the army, indictments were returned against them and others. The two disappeared, but time was no object to the men who had charge of their case, and finally it was discovered that the former home of both was in Denmark. Authorities there were notified, and the arrest followed.

An agent of the department of justice now is on the way to the Danish capital, with extradition papers, and the men must stand trial, the authorities here said.

OKLAHOMA WEATHER

Tonight and Sunday cloudy; probable scattered thunder showers; cooler.

SCOUTS DO HONOR TO NATION TODAY

Boys of All Troops March
To Celebrate Birth of
Constitution.

Constitution Day was observed here this morning in an appropriate manner by the Ada Boy Scouts, assisted by Dr. A. Linscheid of the Normal, who made the principal address on "Our Constitution." Richard Walker Simpson delivered the other address on the program, giving a brief outline and history of the constitution. Vester Willoughby was chairman of the program.

Starting at scout headquarters, the scouts, led by the band, marched east to Hope Avenue, down to Main street and then west to the junction of Broadway and Main, where a platform had been prepared for the occasion. The entire celebration was of a patriotic nature, "embodying the spirit of the men who drew up and were responsible for adopting the constitution, as well as making an effort to keep up the respect and recognition of such acts which have meant so much to Americans."

A large crowd gathered around the platform and listened with interest to the program given on this, the 134th Anniversary of the adoption and putting into effect of the Constitution of the United States. This was one of the best public celebrations which have been held this year.

WOULD SECURE NEW DIRIGIBLE FOR NAVY

(By the Associated Press.)
WASHINGTON, Sept. 17.—The securing of a dirigible of the Zeppelin type—from Germany if possible—to replace the loss of the ZR-2 and continue the construction of ZR-1, now building at Lakehurst, N. J., was recommended to President Harding and Secretaries Denby and Weeks by officials of the national advisory committee for aeronautics. Continued production of helium, the new gas used for inflation of the airships, was recommended by the committee of army and navy officers.

RETAIL FOOD PRICES JUMP DURING AUGUST

(By the Associated Press.)
WASHINGTON, Sept. 17.—Retail food prices increased 0.3 an average of 4.3 percent in August as compared with July prices, according to figures made public today by the department of labor. The statistics were compiled from reports received from 51 cities.

That Versailles Treaty made one fatal mistake. It failed to forbid Germany to undersell those who liked her.

PARACHUTE MAN IS HURLED OVER CLIFF

(By the Associated Press.)
MILES CITY, Sept. 17.—C. H. Larson, 23, parachute jumper of Casper, Wyoming, was instantly killed near Glendive, Montana, late yesterday when after landing on top of a high bluff, he was swept over a hundred foot cliff by a 60 mile gale.

Larson dropped an altitude of 2,600 feet from an airplane piloted by Bert Cole of Casper. Searchers who found the body said that Larson had been dragged on his knees about 100 feet when he went he went over the edge of the cliff. His neck was broken.

FANS EAGER FOR TULSA GAMES TO OPEN TOMORROW

"What will Ada do tomorrow?" This is a question which is being asked among baseball fans of the city who are looking forward with expectancy to the three-game series to be played here Sunday, Monday and Tuesday between Ada and the Cosden and Company club of Tulsa, to decide the championship of the state for amateur ball clubs.

Those who have the "dope" are confident that Ada is to win at least two of the games. Although the visitors are said to be composed partly of professional players, it is believed that Ada will be able to give them a good game with the regular line-up. It was intimated that a change would probably be made in the battery for one and probably two of the games.

The best games of the season have been played recently and the Ada boys have made a better showing than they did earlier in the season. It is expected that they will continue their winning streak during the three games with the Tulsons, which probably will conclude the hard games to be played at home this season.

Manager Sparks announced today his line-up for the games as follows: Cover, Catcher; Williams and Wamer, pitchers; Rutledge, first; Fain, second; Young, third; Wamer, shortstop; West, Medler, Wray and Sparks, outfielders.

NOTICE EX-SERVICE MEN

All ex-soldiers and sailors of Ada are urgently requested to meet at the City Hall Monday morning at 9:00 o'clock for the purpose of conducting military funeral for three of our returned soldier dead.

Soldiers uniform will be the regular khaki outfit with overseas caps. The Gobs will come in dress blues and white hats.

ZEKE WEST, Post Adjutant
Norman Howard Post of
The American Legion.

15 ZR-2 VICTIMS GET NAVAL HONOR

Sorrowing Crowds Attend
Services for Men Lost
On Dirigible.

(By the Associated Press.)
NEW YORK, Sept. 17.—Memorial services for the fifteen members of the American navy who lost their lives in the ZR-2 disaster, will be held today at the navy yard in Brooklyn.

The bodies of Commander Louis H. Maxfield and his companions in death, reached here yesterday on the British cruiser Dauntless, and under guard of honor of blue jackets and marines are awaiting in a temporary chapel, the final honors which a nation bestows on its heroes.

Navy officials of Great Britain, France and Argentina, high government officials and representatives of states and many cities will be in attendance. For the first time since the war the gates of the navy yard will be thrown open and the general public invited to share in the memorial services.

WIFE SACRIFICES RELEASE HUSBAND FROM PRISON CELL

Edith Roberts in "Luring Lips," a Universal action drama, will be the attraction at the McSwain Theatre today. It is an intense story of a woman, who makes every known sacrifice to secure her husband's release from prison. The novel manner in which the plot is handled and the dramatic ability displayed by the popular star will all many new admirers to the thousands who enjoy the well known star's features.

The situation in "Luring Lips" are human and logical. Adele Martin and her husband are on their honeymoon. Their life is a poem of happiness, until the law snatches her husband and sends him to prison. A shortage of \$50,000 is discovered at the bank where the husband is employed.

Justice is misapplied, and on the prosaemic web of circumstantial evidence, Martin is given a term in prison. The point given home in this drama is the duty of a loyal wife in such a case. The law would easily grant a divorce. In a short time another man of wealth and position edged his way into her life. Adele Martin was human, and the one coveted treasure in her life was wealth and position. To all appearances her husband was a failure.

What would the average woman do under like conditions? What have women done under the same conditions?

A good many things are easier said than done—including the marriage ritual.

FLOYD TOPS SALE WITH \$72.50 SOW

All But Eight Poland Chinas
Stay in Pontotoc County;
Others To McIntosh.

The sale of registered Poland China hogs at the Fair Grounds Friday afternoon, held by Curtis Floyd of Ada and A. O. Holloway of Pittsburg was entirely satisfactory according to a statement of Mr. Floyd this morning. While the individuals did not go as high as the blood lines and breeding would justify, the breeders did not lose money, and the wealth producers are scattered over the county where they will be the nucleus for great herds.

The Floyd twenty head sold averaged \$32, the top individual being a yearling sow at \$72.50. Mr. Holloway's herd averaged \$22.

All the animals with the exception of eight stayed in this county. R. B. Moore of Hanna, McIntosh county, carried away eight to start a big herd. The others were scattered over all parts of this county, from Francis to Roff and from Allen to Vanoss.

The show was a distinct surprise to some of the visitors, as they had never seen a regularly conducted pure bred stock sale. It demonstrated the possibilities of registered stock here, and many now are enthusiastic over the business.

ALICE DECLARES SHE PAID PRICE OF AN OLD MAID

(By the Associated Press.)
MUSKOGEE, Sept. 17.—"I have paid the price, the price of being an old maid," said Alice Robertson of Oklahoma, the only woman member of congress, when she addressed the Paramount girls club at a regular meeting here.

"Choose marriage rather than a career," she said. "I have tried to fill a man's position like a man, I am a fighter. I do not believe in using sex appeal and success I have achieved, but I have paid the price. Men at the capitol say they like me," she continued, "and that I remind him of someone, but it never is wife or sweetheart. It always has been her mother. I feel that this is the highest compliment possible for I believe 'mother' represents the highest ideal of womanhood."

"Clothes, fine feathers, do not make the girl," she averred. "There is nothing so disgusting to me as to see a girl who looks as if she had spent every cent she earned on her back. I had rather take little money for clothing and have someone feel I had something left after purchasing an outfit."

MAN SLUGGED BUT ASSAILANT FLEES

Salesman Believes Robber
Wanted \$5000 Diamonds
In His Possession.

IRELAND CAN'T COME AS INDEPENDENT NATION

(By the Associated Press.)
OKLAHOMA CITY, Sept. 17.—J. S. Caldwell, a traveling salesman of Austin, Texas, was slugged and shot as he lay in bed at a downtown hotel early today. Police expressed the belief that his assailants were seeking to get two diamond rings which he wore, said to be valued at \$5,000.

According to the story police say Caldwell told them, he was awakened about 4 o'clock by a man bending over him. He was commanded to be silent but called for help whereupon the man struck him on the head with the butt of his revolver and fired one shot, the bullet striking his neck and lodging in the floor. The assailant then escaped through a window and descended a fire escape.

Physicians who attended Caldwell said he will recover.

The police said Caldwell was the victim of a sensational attempted robbery last year in Kansas City when a band of men assaulted him on the streets, but were routed. The police believed the assailant today was perhaps a member of this band which is making an organized effort to obtain the diamonds.

NIGHT HAWK INDIANS END POW-WOW TONIGHT

(By the Associated Press.)
MUSKOGEE, Sept. 17.—Five hundred members of the Night Hawk, a division of the Keetowah society of the Cherokee Indians, will tonight bring the religious feast to a close on the Red Bird summer home, ten miles from Gore. It has been one of the largest festivities from the standpoint of attendance in the history of the Night Hawk Society.

FOUL PLAY MIGHT EXPLAIN MYSTERY

Mother Continues Search
For Lawrence Parker;
No Home Trouble.

No trace of Lawrence Parker, who has been reported missing from his home at 320 West Sixteenth street 7:30 Thursday evening, had been found late this morning, according to reports from his mother and the police station. Police had been asked by Mrs. Parker next morning after his disappearance to assist in locating her son.

Mrs. Parker intimated this morning that her son had met with foul play, stating that she thought parties who were bringing suit against her soon were connected with his sudden disappearance. She also stated that her son had been out of work since last February.

The report yesterday that he was thought to have gone away due to trouble at home, was incorrect, the mother said. Mrs. Parker emphatically stated today that the relations between herself and her son were as they should be and that there has been no disagreement in the family. The pending suit was given as the reason for such a report of home trouble getting out, she said.

She was greatly worried today over her son's action, clinging to the theory that he had been taken away against his protests. All efforts on her part to locate him had proven fruitless. He was last seen when he left early Thursday evening, telling his mother that he was going to the fair grounds.

IRISH NOTE SETS PEACE HOPE HIGH

Prejudice To Be Laid Aside
When Delegates Meet,
De Valera Says.

(By the Associated Press)

GAIRLOCH, Scotland, Sept. 17.—The receipt by Premier Lloyd George of Eamonn De Valera's telegram of yesterday, in which the Irish leader expressed the view that the peace negotiations should be met untrammelled by any conditions "except those imposed by facts as they know them," is considered to have brought about a change in the peace situation.

It has opened up the possibility that the premier may reply to this communication before consulting his cabinet colleagues, as he had announced his intention of doing before taking any further steps in connection with Irish affairs.

Mr. Lloyd George passed a good night at his vacation home here and was very much better this morning. The dentist called to Hailroch lanced the abscess which caused his indisposition. The date of his return to London, however, has not yet been fixed and the next meeting of his cabinet—whether it may meet in London or Inverness—depends on the rate of his progress.

IRELAND CAN'T COME AS INDEPENDENT NATION

(By the Associated Press.)
LONDON, Sept. 17.—Prime minister Lloyd George, replying to the communication of Eamonn De Valera on Friday, says that to receive the Sinn Fein delegates to the proposed conference as representatives of an independent and sovereign would "constitute formal and official recognition of Ireland's severance from the King's domain."

Mr. Lloyd George says that so long as De Valera insists that the Irish delegates should come to the conference as representatives of independent and sovereign states, a conference is possible.

In his reply, Mr. Lloyd George, declared it was idle to say that a conference in which the British representatives had to meet the Sinn Fein envoys as the representatives of an independent and sovereign state, would be a conference "without prejudice."

"To receive them as such," the Prime Minister said, "would constitute formal and official recognition of Ireland's severance from the King's domain. It would entitle them to make no treaty and to break off the conference at any point and negotiate a union of Ireland with a foreign power."

"The government is prepared to discuss how the association of Ireland with the British Empire could best be reconciled with the Irish aspirations, but could not consent to any abandonment, however informal, of the principle of allegiance to the king, upon which the whole fabric of the empire and every constitution in it are based."

The high cost of living is a big factor in the high cost of living.

THE LESSON OF THE SAN ANTONIO FLOOD

The San Antonio flood has not been without its lesson. After the flood at San Antonio in 1913 engineers told the city authorities that there was danger of a more disastrous recurrence of the flood unless measures were taken to control Olmos creek, which empties into the San Antonio river near its head above the city of San Antonio. For some reason no action was taken on this warning. The result has been property damage equal to the cost of controlling Olmos creek or more and the loss of half a hundred lives or more.

Now Mayor Black of San Antonio has announced that he will ask for a municipal bond issue of \$5,000,000 to protect the city from future floods. After the disaster last week action is almost certain to be taken. As a result San Antonio will be a safer and a better city.

The San Antonio disaster is causing Dallas to seriously consider its position and methods to secure safety. Dallas lies beside the Trinity river, a vicious, treacherous and destructive stream when stirred and swollen and irritated by the great floods of water that sweep down its course from a vast area in North Texas. The Trinity has caused great damage in Dallas in the past. The next flood is likely to wreak greater damage because dikes have been built below Dallas which will make the flood at Dallas reach a higher level than ever.

AN IMPORTANT DATE

September 17 is a date in history which every citizen of the United States should keep in mind, it being the anniversary of the signing of the constitution of the United States by the delegates who prepared it. It marked the greatest advance ever made in the march of self-government by a free people and the lighting of a beacon that has influenced the destiny of the world, guiding the oppressed people of every nationality in their painful struggles for freedom and serving as a signal to tyrants that their day was soon to end.

In Oklahoma the day is of double significance, for on this date in 1907 the people, by an overwhelming majority, adopted the present state constitution. This instrument was the object of bitter attacks on the part of advocates of the old order of things, even Wm. H. Taft, then a member of the Roosevelt cabinet, coming to Oklahoma City to make a speech urging that it be voted down. However, the progress made in the state since that time proves that the forebodings of the ultra-conservatives were not well founded. Oklahoma has gained rapidly in population and wealth and the constitution still stands. Of course it is not perfect, neither is that of the United States, but it has met local conditions and the people have prospered.

Several citizens of Ada are boosting Hayden Linebaugh for governor. They say he has all the qualifications of a great executive, has had enough experience to handle the office admirably and that he has not been mixed up with the so-called State House crowd. It will be recalled that Mr. Linebaugh is now a citizen of Muskogee, but formerly lived in Atoka. He is said to know the needs of the state, has the stuff in him to insist on what he knows is right. It may be that Hayden Linebaugh will lead the democratic party of this state back into power.

before, with the same amount of water coming down stream. Dallas must build dikes to contain the Trinity floods and carry them past that city without spreading over much of the business district and causing damage and loss of life that might exceed that in San Antonio.

Other cities and communities in Texas and in the Southwest have flood problems to which attention is being directed. If steps are taken to control the floods at these places the sacrifice at San Antonio will not have been in vain.—Wichita Daily Times.

It would be a good plan for every community to take care of its own dependents. Recently helpless people have been coming to Ada and asking for aid. It is evident that Ada will have enough to do to take care of her own helpless. While the city welcomes newcomers, there is not enough charity to take care of those people who should be supported by other communities.

The Ardmore carries under the paper's heading this statement: "At the gateway of opportunity." Very good, Bro. Easley, but the Ada News is located in a town already far inside this gate. We would not be satisfied a minute to be merely at the gate. We prefer to be in the midst of the opportunities, you know. For the sake of our past friendship we hope you will in time be similarly located.

An exchange pertinently remarks that even though Congressman Herrick may be regarded as something of a freak, he is getting lots of publicity and that is more than Congressman Pringley of the Fourth district is doing.

ELECTRICAL ADVANCE SUBJECT FOR TALKS

(By the Associated Press)
CHICAGO, Sept. 17.—Electrical development plans in the middle west will be discussed at the annual convention of the National Electric Light association in joint meeting with the Indiana State Electric association at French Lick, Ind., Sept. 21 to 24. About five hundred representatives of electric light and power companies from Illinois, Indiana, Michigan and Wisconsin, are expected.

Connection of the high power electric transmission system of the Mississippi River Valley with transmission lines in other parts of the country will be considered. Reports will be made showing the gaps still in the lines which must be filled in order to make it possible to send electrical energy generated in the middle west over a larger area, thus making it available in a greater number of smaller communities and on farms.

William C. Lounsbury, of Superior, Wis., president of the Great Lakes division will open the convention. B. J. Mulvaney, director of the Illinois Committee on Public Utility Information, will tell of plans of the state committees that have been formed in a number of states. Reports will be made showing the development of the electric vehicle business and the results of an investigation of the increased use of electric appliances in the home.

"Training for Public Service" will be discussed by Fred R. Jenkins of Chicago, chairman of the education committee of the national association. He will outline the educational work being done among employees of the electric light and power companies.

The high voltage transmission system of Michigan will be discussed by H. J. Burton of Jackson, Mich., and the distribution systems in smaller communities and the general program of the development of the Mississippi Valley super-power zone will also be discussed. Milton R. Bump, vice-president of the Henry L. Daugherty company and president of the National Electric Light association will also speak.

NEW STATE PARTY IS
HOPE OF LABOR MEN

SHAWNEE, Sept. 17.—A new state political party was the hope of labor leaders and representatives of farmers' organizations which matured here today. The meeting was called by officials of the Oklahoma Farmers' Unions.

Edgar Fenton, state labor president, characterized the meeting as the most important held in the state since 1906.

John Simpson, of the farmers' union, Fenton and H. A. Davis, head of the railway conductors' organization, will preside.

Sponsors of the movement hope to put a complete state ticket into the field at the state primaries next spring.

MARKETS OF TODAY

INDIGESTION

Busy Public Official Says Theodor's Black-Draught Helps Him Keep Physically Fit.

Clay City, Ky.—"I have been in business here for twenty-one years; am also coroner, riding the Kentucky hills and hollows in all kinds of weather and under all kinds of conditions," says Mr. Sam T. Carr, of this place. "To be able to do so I must keep physically fit, and Theodor's Black-Draught is my stand-by."

"These trips used to give me headaches, and that, I found, came from hurried meals or from constipation. I was convinced that Black-Draught was good, so now I use it, and it gives perfect satisfaction. It acts on the liver, relieves indigestion, and certainly is splendid. I am never without it."

When you have a feeling of discomfort after meals, causing a bloated sensation, headache, bad breath, and similar common symptoms, try taking a pinch of Black-Draught after meals—a pinch of the dry powder, washed down with a swallow of water. This has been found to assist the stomach and liver to carry on their normal work, and helps prevent, or relieve, constipation.

Your druggist can supply you with this well-known, purely-vegetable liver medicine. Insist upon Theodor's, the original and only genuine Black-Draught liver medicine. NO-187a

The Evening News

A Common Tragedy.

Fort Worth Record: A domestic tragedy of general interest, because it has its counterpart in very many American homes, was made public the other day in a Staten Island court. A husband, accused of desertion, replied that he had not deserted but had been practically forced out of his home by the high social aspirations of his wife and children. "My children," said he, "have met people who are on a higher social plane than I. Their rules of etiquette were a closed book to me. Gradually I became an encumbrance, and I was a stranger in my own home. Friends of my children had nothing in common with me."

It is the old story of "Bringing Up Father" and "Keeping Up With the Joneses," cartoons whose humor seldom fails because based upon a regrettable truth in American life. It is nature! For the children of a financially successful father to wish to live on a higher social and intellectual plane than their parents did in their youth. It is often easier for the wife, with her greater leisure, to keep up with them than it is for the hard-working, money-making father, who has made the advance possible. No one, the average father least of all, would wish to hold them back. Yet this is the tragedy. We have all seen it—college-bred sons and daughters coming home to feel out of harmony and possibly ashamed of uneducated parents.

The children often deserve some sympathy, too. It is a difficult situation, yet at its base it is only the old problem of youth and age; and it can always be met by tact, sympathy and love—by the effort of the parents to keep their minds young and to be in sympathy with the activities and right ideals of their children—and on the part of the young folks, by a deeper culture which will teach them that the worst of all social sins is to be ashamed of their parents.

In The Oil Fields

Estimated production in the fields of the Mid-Continent at the close of the past week was as follows: North Louisiana, 62,250 barrels; Arkansas, 49,775 barrels; North Texas, 165,996 barrels; Kansas, 98,500 barrels; Oklahoma, outside of Cushing, Shamrock and Healdton, 227,000 barrels; Cushing and Shamrock, 25,500 barrels; Healdton, 22,000 barrels; Hewitt, 46,000 barrels; total 697,021 barrels, a loss of 8,577 barrels in comparison with the preceding week.

The estimated daily production of heavy gravity oil in the Gulf Coast field was 102,327 barrels.—Oil & Gas Journal.

\$25,000 to House Poor

OKLAHOMA CITY, Sept. 17.—Oklahoma county will erect a \$25,000 building to house its aged poor, the board of commissioners decided. Heretofore these have been sent to the state insane asylums, at county expense.

PHILLIPS U TO SPRING NEWS PLAYS IN FOOTBALL

(By the Associated Press.)

ENID, Sept. 17.—Coach "Tubby" McIntyre of Phillips University has something threatening to show Oklahoma football teams this year, he believes. It is the "triple threat," and consists of a by-play on a formation used in some eastern schools,

he says, allowing a kick, pass or run for any back field man.

Real training for the team will begin the middle of September. McIntyre says, and dummy practice with the tackle and block is to be commenced soon. Scrimmage work will follow, and the hard period will be the week before October 1, when the Maroon and White plays its first game of the season, away from

home. The game which takes the "hay makers" away from their home grounds this year is Kingfisher College, but arrangements are being completed it was understood for a game with Austin College of Texas, September 24.

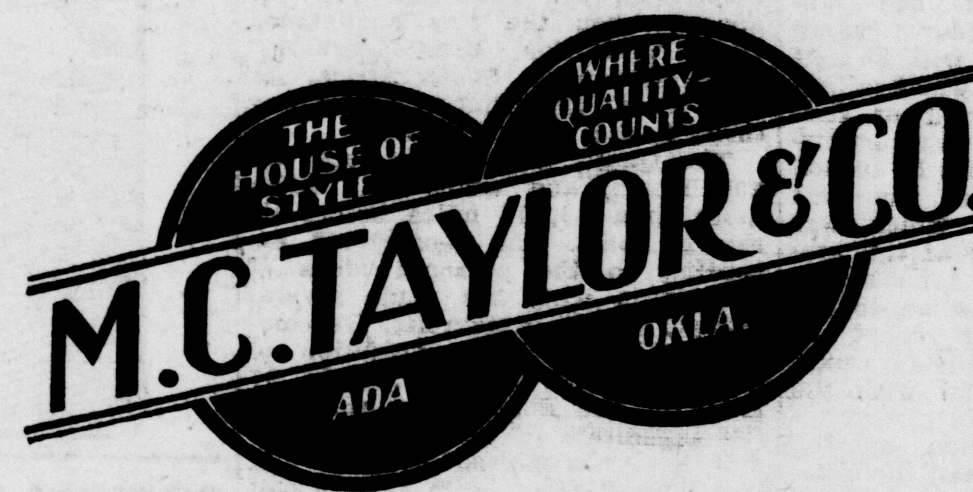

Want to buy a home? Turn to the want ads.

Going Back To Market

Our Mr. Taylor leaves tonight for New York and other eastern markets where he will buy more goods for this fall. Business has been so much better than we expected that it is necessary to make the second trip to market.

We deeply appreciate the liberal patronage given us by the people of Ada and Pontotoc county, and we will spare no effort to keep the best of merchandise for our customers.

It's easy to get satisfaction here, or your money back!

S. L. McClure 127 West Main M. C. Taylor

THE STORE OF TODAY AND TOMORROW

Handkerchiefs Dainty and Colorful

Such a colorful spot—the Handkerchief section these days. They must match the costume as surely as ever the gloves or veil. To that end, colored borders, colored centers, colored embroidered motifs make a gay showing. Just as intriguing in a different fashion are the exquisitely fine and sheer hand-made Handkerchiefs in endless designs, imported specially for this occasion.

5c to \$1.50 Each

The New Umbrellas Boast an Air of Distinction

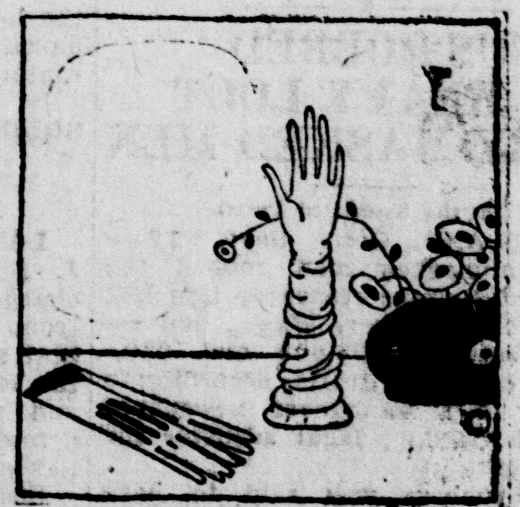

Infinitely removed from its sturdy ancestor of a few decades ago, the graceful, attractive Rain Stick of the present only remotely suggests the old-time tent-like Umbrella. Then they stood for utility only. Now, with their snub noses, smart strapped handles and colorful tops, they are things of beauty, much more livable while not an atom less useful.

\$2.00 to \$13.50

Gloves For the Sleeves

Since the new sleeves have developed all sorts of whimsical moods—and modes—only the long-wristed Glove such as Gauntlet or Mousquetaire, can be relied upon to complete the picture. Sable, beaver and mole shades for your street costume; white for dressy frocks. Some of the new Gauntlets are charmingly ornamented as to cuffs, with appliques, pipings, cut work, fancy straps.

\$2.50 to \$6.50

IN SOCIETY

Phi Beta Entertain.
The Phi Beta sorority of East Central normal entertained informally in the normal reception room Friday afternoon from 4 to 6 o'clock. The room was beautifully decorated with the sorority colors, blue and gold. Blue bowls of gold-aster flowers were placed on small tables and the punch bowl was surrounded with sprigs of ivy and asters. Assisting at the punch bowl were the Misses Willie Cole, Edith Chapman, Grace McKel, Kathleen Smith, and pledge Velma Elliott.

Special guests for the afternoon were Mesdames A. Linscheid, and Mackin and Misses Willetta Kittell, Anna Weaver Jones, Mattie Lyday and Gertrude Montgomery. Others who called were Misses Bess Roberts, Verla Cobb, Kathryn Taylor, Donna Belle Lee, Magdolyn Yeargin, Violet Moore, Thelma Roberts, Lucille Chapman, Pauline Knotts, Clarine Roach, Bessie Freeman, Regina Brown, Reba Martin, Pearl Gay, Faye Knotts, Geneva Braly, Effie Forrest and Leetta Burris.

Immediately after the reception a business meeting of the Phi Beta was called. After a discussion of business the president, Willie Cole, presented a gift from the sorority to Miss Faye Knotts who leaves next week for Samoa.

A Shower and Announcement Party
More than fifty young lady friends of Miss Faye Knotts gathered at the home of Miss Nora Abney, 526 East Fourteenth street, last evening where a shower and announcement party was given in Miss Knotts' honor, coming as a complete surprise to her. The affair was a very elaborate one, and was given as a result of the coming departure of Miss Knotts for the Samoan Islands. The house was beautifully decorated in red, white and blue streamers, the color scheme being carried out on a very approved manner. American flags were also in evidence and many beautiful side decorations were made with flowers.

The punch bowl was placed on the dining table where all had easy access to it. Delicious refreshments were served during the course of the evening and the guests joined in giving Miss Knotts a real final entertainment, as she will not be with them again for some time.

Miss Knotts is leaving for the Samoan Islands on September 27, where she will become the bride of Harris L. Ingram, who is stationed there with the United States Navy. She will sail on October 4 and is scheduled to arrive in Samoa on October 17. The date of her wedding has been set for October 17.

She is a graduate of the East Central State Normal here, and was a member of the Phi Beta sorority. She also taught one year after graduation in the Ardmore schools. She is the daughter of Mrs. Sadie Knotts of 519 East Ninth street.

Many useful and beautiful gifts of a miscellaneous nature, were given her by a host of friends, who extended their congratulations on the announcement of her approaching wedding. Parting words of regret were expressed as the guests departed.

Announcement
An announcement was received in Ada Saturday that Charlie Smith, of this city, has been pledged to the Sigma Nu fraternity at the University of Oklahoma. Smith is a graduate of Ada high school and is starting his freshman year at the university.

Miss Kathleen Love left yesterday for Blanco, Okla., where she will teach school this year.

Mrs. A. T. Triplett and daughter, Pauline, left today for Lubbock, Texas, to make their home.

Miss Minnie Lee West returned from Shawnee last night after a two weeks' visit with relatives and friends.

Miss Ruby Andrews left this afternoon for her home in Dallas, Texas, after spending several months here with her aunt, Mrs. J. G. Breco.

Mr. and Mrs. L. F. Adair and two daughters, Lucy and Frances, of Hartford, Ark., arrived in the city yesterday from a few days visit at the homes of Mesdames M. B. Clark and C. H. McKellar. They made the trip to Ada overland.

Rev. C. C. Morris, pastor of the First Baptist church, has recently declined the pastorate of the Washington Avenue Baptist church in Oklahoma City and also the First Baptist church in Covington, Tenn. He says that the Ada church has wonderful possibilities and that he wants to carry on the work of the Lord here.

Ed Barringer and **Opal Dags** were married in Sherman, Tex., last Saturday, according to information received in Ada today. They will make their home at 201 West Thirtieth street, this city. Mr. Barringer is the son of Mr. and Mrs. R. A. Barringer of Ada and the bride is a daughter of Mr. and Mrs. Wallace Dags, of near town.

Miss Pearl Bradford, principal of Wynnewood high school and president of the North Central Educational association, is in Ada today attending a committee meeting to prepare a program for the annual meeting here in November. While here she is visiting Mrs. E. L. Spencer of 122 West Sixteenth street.

Miss Draper's Announcement

Miss Kate Draper, teacher of voice from Oklahoma City, re-opened her studio in Ada yesterday at 423 South Rennie, pupils were enrolled and regular lessons begin today. From now on she will spend Tuesday and Friday in Ada. Miss Draper wishes at this time to make an announcement concerning an interview with her which was recently published in Chicago Music News. Knowing that her class in Ada last summer as comprised chiefly of students from the East Central State Normal, and seeing the names of her pupils as soloists on many of the school programs, Mr. Charles E. Watt, editor of the Music News, inferred that she was a member of the faculty of the school and the mistake was made (in the article referred to above) that Miss Draper taught last summer at the East Central State Normal college. As a matter of fact, Miss Draper was not here last summer, nor is she now identified with any school, but has her private vocal studios in both Oklahoma City and Ada. 9-17-21

CITY WILL PAY QUIET TRIBUTE TO THREE VETS

While the bodies of three world war heroes of Ada lie in state Monday morning, the local post of the American Legion, named for one of the trio of dead, will bestow upon them the last sincere tribute of a sorrowing community.

Bodies of Huey Armstrong, Co. B, 141 Infantry, Adam Peters, Co. F, 142 Infantry, and Norman Howard, whose name the legion post bears, also of the 36th division, were scheduled to arrive in the city early this afternoon. Funeral services will be held at the Baptist church Monday morning at 10 o'clock and burial will be in Rose-dale cemetery.

All former service men of Ada were requested today by Walter Wray, commander of the local Legion post, to appear in full uniform Monday as the funerals will be strictly military. It will be the first time in the city's history that a triple military funeral has been held. A soldier escort for the bodies was being selected and scores of former soldiers and sailors are expected to appear in the procession.

After Monday's triple funeral, the bodies of six of the city's returned soldier dead will have been laid to rest.

NEGRO PRISONER TAKEN TO FEDERAL COURT TODAY

Amos Anderson, negro, left the county jail Saturday morning in custody of Deputy U. S. Marshal Sumpter for Muskogee where he will face liquor charges in the federal court.

Anderson, who is under sentence from the county court on a liquor charge, escaped from a gang of county prisoners at work on the Lawrence road early in August. A few days later he returned and gave himself up to officers to finish his sentence.

DRIVER SAYS TRUCK NOT GOING RAPIDLY

F. E. Northcutt, the driver of the truck which was wrecked by a freight train on East Ninth street last Monday, says he was driving the truck only four or five miles an hour instead of fifteen miles as reported by other eye witnesses. Mr. Northcutt has affidavits from other eye witnesses who say he was making the slower speed.

Those who expect to attend the Confederate reunion at Tulsa meet us at the Frisco Depot Monday noon and get certificates from Capt. Hargis. We urge all the sons and daughters who can possibly go to accompany us to Tulsa next Monday.—Capt. Neal, committeeman.

SCATTERED SHOWERS ON WEATHER PREDICTION

(By the Associated Press)
WASHINGTON, Sept. 17—Weather predictions for the week beginning Monday are: Upper Mississippi and Lower Missouri valleys, generally fair and normal temperature but with a probability of scattered showers Tuesday and Wednesday.

Three men, V. P. Aycock, R. P. Peterson and V. D. Aycock were arrested by police in Dark Town last night, all pleading guilty to charges of loitering before Mayor Kitchens this morning, getting a fine of \$8.75 each.

Stammering Can Be Cured

Professor J. W. Shepherd will take a limited number of stammerers into his home for treatment and cure. For information write Professor J. W. Shepherd, University of Oklahoma, Norman, Okla. 8-17-1 mo.

SAVE MONEY ON PAINTS

I now represent the Standard Paint Co., and can take your order for any amount. If you fail to see me before buying, you will lose money. W. F. Brown, phone 757. 631 East Thirteenth street.

TRIO OF BROTHERS ARE ARRESTED AT FREE FAIR

Comparatively good order has prevailed at the Pontotoc county free fair which is ending today its four day run, reports given out this morning by the county sheriff's office indicate.

Three arrests were made Friday night by deputy sheriffs, however. Three brothers, Charles, Oscar, and John Stevens were placed in the county jail on charges of being drunk and disorderly at Fair Grounds park. The trio entered pleas of guilty Saturday morning before Justice of the Peace H. J. Brown and were fined \$10 and cost each. They made stay bonds and were released.

John Cox, of Roff, was brought in by officers yesterday and charged with indecent exposure.

REUNION TO FRANCIS TO MANAGE HERALD

W. E. Runion, who has been made-up man on the Ada Evening News and Weekly News for some time, has purchased the Francis Herald from John Skinner and took charge of the property today. Mr. Skinner returns to Ada and takes Mr. Runion's position on the News. Runion is a good printer and a good fellow. He has been in the fourth estate game for so long that he is reticent to tell the exact time. He will give Francis a live paper. His brilliant editorials are expected to attract attention throughout the southwest.

SWEET WILL ANSWER TO CHARGE AT OKLAHOMA CITY

H. L. Sweet, who for several weeks has been in the county jail awaiting hearing on a bogus check charge filed by County Attorney Wayne Wadlington, was taken to Oklahoma City Saturday morning by Oklahoma county officers to answer to a similar count there. Sweet is said to be wanted at Purcell also on a bad check charge.

A date for Sweet's preliminary on the charge here has been set several times but the hearing postponed upon petition of counsels for the defense.

ORDINANCE NO. 405.

(Published Sept. 17, 1921)
An ordinance levying assessments for the cost of paving and otherwise improving of Street Improvement District No. 7, same being the east and west alley in block 99, from the west line to the east line of said block, in the original plat of the City of Ada, Pontotoc County, Oklahoma.

Be it ordained by the Board of Commissioners of the city of Ada, Pontotoc County, Oklahoma, that: Section 1. Whereas, the Board of Appraisers heretofore appointed by resolution to appraise and apportion the benefits resulting from the paving, grading, curbing, draining and otherwise improving of the alley described in the title of this ordinance to the several lots and tracts of land liable to assessment for the payment of the cost of such improvements, which costs have been ascertained to be the sum of Three Thousand Four Hundred Fifty-nine and 68-100 Dollars (\$3,459.68), have performed their duties according to law as such appraisers, and have returned and filed with the City Clerk of said city the reports of their appraisal and apportionment.

Whereas, after filing the same, the Board of Commissioners did appoint a time for the holding of the session of such Board of Commissioners as a Board of Review to hear and consider any and all complaints or objections concerning such appraisements and apportionment and caused due notice of such session to be published as provided by law, and in pursuance of such action and publication, the Board of Commissioners duly convened as such Reviewing Board on the 13th and 15th days of September, 1921, and all as shown by minutes of meeting of said Board of Commissioners of the city of Ada, Oklahoma; and

Whereas, at said sessions the Board of Commissioners as a board of Review heard all complaints and objections made to such apportionments and assessments as returned by the Board of Appraisers and did adjust and review such assessments and apportionments as they found unjust, erroneous or not in accordance with the benefits accorded to such lots, tracts and parcels of ground affected by such improvements; and thereafter by resolution passed and adopted on the 15th day of September, 1921 did confirm such apportionments and assessments so revised, adjusted and corrected by said Board of Commissioners in manner and form as required and authorized by law; and

Now, therefore, there shall be and there is hereby levied and assessed against the several respective lots and tracts of land of said Street Improvement District described in the title of this ordinance with the amounts respectively stated in said report of the board of appraisers as reviewed and confirmed and as follows, to-wit:

Section 2. That the assessment hereby levied against the several lots and tracts of land shall bear interest at the rate of seven (7) percent per annum and said assessments shall be payable in ten (10) equal installments, the first installment with interest upon the whole amount shall be due and payable on the first day of September, 1922, and one installment thereof with interest on the whole amount remaining unpaid to said date respectively, shall be payable on the first day of September of each of the years 1922 to 1931, inclusive, provided, however, the owners of any lots and tracts of land so assessed shall have the privilege of paying the amount of their respective assessments without interest anytime within thirty (30) days from the date of the passage of this ordinance and provided further that the owners of the property upon which said work or any part thereof, not less than one block, shall at any time have been completed and approved, shall have the right to make payment of their respective assessments within thirty (30) days from approval of said work or any part thereof with interest upon said assessment at the rate of seven (7) percent per annum from the date of said assessing ordinance to date of payment, and provided further that if the work for which any property owner proposes to pay his entire assessment with interest has not been completed and approved within four (4) months from the date of this ordinance, then four (4) months interest only shall be added to said assessment, and the owners of said property shall have all other options

as provided by Chapter 10, Article XII, of the Revised Laws of the State of Oklahoma, 1910.

Section 3. That an emergency exists for the preservation of the public health, peace and safety, by reason whereof this ordinance shall take effect from and after its passage, approval and publication.

Passed and the emergency clause ruled on separately and approved this 15th day of September, 1921.

CITY OF ADA, OKLAHOMA.
By Gary Kitchens, mayor and commissioner of public justice and safety.

(Seal) W. B. Jones, city clerk and commissioner of accounting and finance.

ORDINANCE NO. 406.

(Published Sept. 17, 1921)

An ordinance levying assessments for the cost of paving and otherwise improving of Street Improvement District No. 8, same being South Stockton avenue from the south line of Main street to the south line of Twelfth street, including street intersection and alley crossings on the above described avenue in the City of Ada, Pontotoc County, Oklahoma.

Be it ordained by the Board of Commissioners of the city of Ada, Pontotoc County, Oklahoma, that:

Section 1. Whereas, the Board of Appraisers heretofore appointed by resolution to appraise and apportion the benefits resulting from the paving, grading, curbing, draining and otherwise improving of the avenue described in the title of this ordinance to the several lots and tracts of land liable to assessment for the payment of the cost of such improvements, which costs have been ascertained to be the sum of Twelve Thousand Five Hundred Forty-three and 55-100 dollars (\$12,543.55), have performed their duties according to law as such appraisers, and have returned and filed with the city clerk of said city the reports of their appraisal and apportionment.

Whereas, after filing the same, the Board of Commissioners did appoint a time for the holding of the session of such Board of Commissioners as a board of review to hear and consider any and all complaints or objections concerning such appraisements and apportionments as they found unjust, erroneous or not in accordance with the benefits accorded to such lots, tracts and parcels of ground affected by such improvements; and thereafter by resolution passed and adopted on the 15th day of September, 1921, did confirm such apportionments and assessments so revised, adjusted and corrected by said Board of Commissioners in manner and form as required and authorized by law; and

Whereas, at said sessions the Board of Commissioners as a Board of Review heard all complaints and objections made to such apportionments and assessments as returned by the Board of Appraisers and did adjust and review such assessments and apportionments as they found unjust, erroneous or not in accordance with the benefits accorded to such lots, tracts and parcels of ground affected by such improvements; and thereafter by resolution passed and adopted on the 15th day of September, 1921, did confirm such apportionments and appraisal

ments so reviewed, adjusted and corrected by said board of commissioners in manner and form as required and authorized by law; and

Whereas, all legal requirements have been fully complied with to authorize the levying of assessments to pay the costs of such improvements against the several lots and tracts of land liable to such assessments;

Now, therefore, there shall be and there is hereby levied and assessed against the several respective lots and tracts of land of said Street Improvement District described in the title of this ordinance with the amounts respectively stated in said reports of the board of appraisers as reviewed and confirmed and as follows, to-wit:

Section 2. That the assessment hereby levied against the several lots and tracts of land shall bear interest at the rate of seven (7) percent per annum and said assessments shall be payable in ten (10) equal installments, the first installment with interest upon the whole amount shall be due and payable on the first day of September, 1922, and one installment thereof with interest on the whole amount remaining unpaid to said date respectively, shall be payable on the first day of September of each of the years 1922 to 1931, inclusive, provided, however, the owners of any of the lots and tracts of land so assessed shall have the privilege of paying the amount of the respective assessments without interest any time within thirty (30) days from the date of the passage of this ordinance and provided further that the owners of the property upon which said work or any part thereof, not less than one block, shall at any time have been completed and approved, shall have the right to make payment of their respective assessments within thirty (30) days from approval of said work or any part thereof with interest upon said assessment at the rate of seven (7) percent per annum from the date of said assessing ordinance to date of payment, and provided further that if the work for which any property owner proposes to pay his entire assessment with interest has not been completed and approved within four (4) months from the date of this ordinance, then four (4) months interest only shall be added to said assessment, and the owners of said property shall have all other options as provided by Chapter 10, Article XII, of the Revised Laws of the State of Oklahoma, 1910.

Section 3. That an emergency exists for the preservation of the public health, peace and safety, by reason whereof this ordinance shall take effect from and after its passage, approval and publication.

Passed and the emergency clause ruled on separately and approved this 15th day of September, 1921.

CITY OF ADA, OKLAHOMA.
By Gary Kitchens, mayor and commissioner of public justice and safety.

(Seal) W. B. Jones, city clerk and commissioner of accounting and finance.

LOCAL MEN BACK FROM ROAD MEET ON OZARK TRAIL

Representatives from Ada who attended the Ozark Trail Association meeting in Shawnee on the 15, 16 and 17 bring back with them an interesting report of the work done and the prospects that Ada and community has to benefit by securing another highway. H. B. Roach and N. B. Stall were representatives from this city who attended the meet.

The proposed highway which was taken up at the meeting of the association extends a distance of 214 miles, running from Shawnee to Stratford, Ada, Stonewall, Coalgate, Atoka, Hugo, Idabel and connecting with towns of Ashdown and Foreman, Arkansas, ending at Texarkana, Texas. It connects with the Jefferson highway leading to eastern and southern cities. It was shown that about 40,000 people would be affected by extending the highway through this section.

An organized effort will be made to secure an Ozark trail through this place, it was intimated today. The president and vice-president of the association will be in Ada within the next few weeks, it was reported this afternoon for the purpose of discussing matters concerning the trail.

IN THE OIL FIELDS

Transcontinental well, in the ne of section 14-5-4 which reported several showings of gas within the last few days, expects to get its bit out of the hole tonight or tomorrow and operations will be resumed.

Wells in the Bobee field are nearing a gas or oil sand, it was generally reported in Ada today. Indications were said to be good and optimism for securing a good well in this area has increased considerably within the last week.

FARM LEAGUE FORMED AT SHAWNEE MEETING

(By the Associated Press)

SHAWNEE, Sept. 17.—The Farmers and Laborers League was formed today at a meeting of farm and labor representatives, the announced purpose of the new organization being to foster the promotion of state legislation which was to be outlined during the day. John Simpson, president of the Oklahoma Farmers Union, was made chairman and T. T. Harvey of Oklahoma City secretary. Col. W. H. Harvey of Montana, Ark., was the principal speaker.

Nothing was said at the morning session as to whether the new organization would have a picket in the field at the next state election, the discussion being confined to the selection of a legislative program which the league is to put forward. It was estimated that 500 delegates, about two thirds being farmers, had registered at noon. Each labor craft in the state is represented. Some of the crafts representatives are affiliated with the American Federation of Labor while others are not. Approximately 178 labor representatives attended the morning meeting.

The call for the meeting was issued by Edgar Fenton, president of the State Federation of Labor, two weeks ago.

1000 State Blind May Learn to Read Since Purchase of Books By State Commission Recently

OKLAHOMA CITY, Sept. 17.—Not only may the 1,000 blind in Oklahoma without resources to purchase books or complete their education, learn to read, but all those who have learned one language or system may change to another, thru comparative alphabet sheets prepared especially for the Oklahoma commission for the blind, according to Mrs. J. E. Dale, secretary.

The purchase of \$200 worth of books for the blind was announced by Mrs. Dale today, the purchases having been made from a \$5,000 fund appropriated to that work by the last regular session of the state legislature.

Any request for books written in any system for the blind can be filled by the commission, according to Mrs. Dale, although she said she hoped all the new work in teaching would be by the Revised Braille one and one half point system. In fact, all the new alphabet sheets containing transition from one system to another show the transfer process from all other systems to the revised Braille, which recently was standardized by the American publishing companies.

"We are able to supply any request now," Mrs. Dale said, for if we haven't the book asked for ourselves, we can obtain it through the Inter-Library Loan service. All of our books are being published in the Revised Braille system, however."

The books on the library shelves bearing the alphabet sheets run the gamut from works on the raising of poultry to the Child's Primer to Adventures in Alaska, and complete books of the Bible.

Among the books purchased were sixteen books of the Bible, it being explained that one Bible would fill several large boxes. There were approximately 35 volumes in all obtained in this requisition of the commission.

Fingers Wear Books
"It seems strange to me that some persons wonder why books for the blind wear out so rapidly. If

those who can see to read would try running their finger tips over every work they read, the wear and tear on the common books would soon be noticed," said Mrs. Dale.

It doesn't cost the state anything to send out all the traveling libraries that are requested for the blind, because the franking privilege is allowed all such books, through the passage of a recent national law.

The story of the standardization of the reading languages of the blind was told by Mrs. Dale as she announced the purchase of books in only one system. She attended a meeting of the American Library association, when the Revised Braille was made standard, she said.

"A lieutenant who had been made blind during the war came from a hospital near Denver and addressed the association, making a plea for the standardization of the books at least in the English language," she said.

"His story was so convincing that the association appealed to the publishers and the result was a meeting which culminated in the adoption of the one system."

"Before that time, there had been about five systems, including the English and American Braille, the New York point, the Moon type, and one other. In each of these, the lieutenant explained that he had learned to read. 'I had to learn to read in five different languages before I mastered the books provided in English by publishers of works for the blind,' he said."

"What we need is a single system," he continued. "Why in each system I could read about 40 to 60 volumes and the entire list of books published in the system was completed. In order to continue my reading I had to learn a new system."

"That the soldiers' request was not ignored is shown, Mrs. Dale said, from the fact that all blind service men now are being taught to read from the system adopted as universal shortly after his talk.

FREE FAIR COMES TO END SATURDAY

All Parts of County Well Represented in Record Annual Display.

The county fair closed Saturday afternoon and most of the exhibitors took their displays home. Premiums were distributed over an extensive scope and every part of the county was represented in the awards. Clubs and schools were especially well represented in the exhibits.

Curtis Floyd's sale of Poland-China hogs was a feature of Friday afternoon's program.

Among the private exhibits were those of the Haynes Hardware Co., W. C. Rollow, with an extensive line of farm implements, the Ada Music Co., and Ada mattress factory.

A. M. Bailey had a good display of the bluing which he is now manufacturing in Ada.

It is not possible to give all of premium awards today, but the remainder will be published as soon as possible. Following are some of the awards:

Domestic Arts Department
Fillet specimen; Ida Jones, Ada, first.

Table runner lace; Mrs. Etta High, Okman, first.

Crochet yoke; Clyde Morrison, Ada, first.

Towel, lace trimmed; Cora Golden, Ada, second.

Infant's dress, first, tatting specimen, first; Mrs. J. E. England, Ada.

Embroidery specimen, first; Pat Sloan Case, Ada.

Centerpiece embroidery, first, lunch cloth, first and embroidery specimen; Mrs. Byron Norrell, Ada.

Crochet specimen, second, lace first; Myrtle Cope, Ada.

House dress, first; Gertrude Hammond, Ada.

Bedsprad, embroidery, first; Beatrice Hetley, Ada.

Tatted yoke, first, Myrtle McCurry, Colbert.

Doughnuts, first, cinnamon roll, first, yeast bread, second, light rolls, second; Mrs. J. M. Perry, Ada.

White layer cake, first, cotton quilt, first, Mrs. J. L. Boring, Pecos Grove.

Night gown, first, embroidery pillow case, pillow case trimmed; Mrs. Ben Boring, Ada.

Silk and wool quilt; Mrs. Sam Hawthorne, Ada.

Appiques bedspread, first, curtains, hand made, first; Mrs. Pearl

LIVER TROUBLE, SICK-HEADACHES
"Houston," Texas.—"All my life my liver has given me considerable trouble. I have suffered with sick-headaches and have had yellow blotches appear all over my body. At one time I was so bad with it that I lost all ambition to do my housework and was really 'all in' when

"Golden Medical Discovery" was recommended to me by a friend. I took six bottles of it, which made me feel like a different woman. I consider Dr. Hecox's Golden Medical Discovery the very best liver medicine I have ever known."—MRS. C. A. FINN, 2214 Washington Ave.

COLLEGE JOY RIDING IS PLACED UNDER BAN
NORMAN, Sept. 17.—There will be no joy rides for university students here this year—not if the university authorities have their way about it.

The rule passed by the board of regents forbidding students maintaining an automobile, goes into effect this semester. It will be rigidly enforced, President Brooks announced.

Automobiles are detrimental to the moral of the student body, the board of regents found in making this rule.

Mr. L. B. Cook Tells How Cuticura Healed Brother

"When my brother was three weeks old eczema broke out on his head and face in blisters and then scaled over. His hair became very thin, and he just scratched and cried all the time and could not rest day or night."

"The trouble lasted about eight months. We tried everything we heard of with no results. I read your advertisement for Cuticura Soap and Ointment and bought some, and after using three boxes of Cuticura Ointment, with the Cuticura Soap, he was completely healed." (Signed) L. B. Cook, Harrison, Georgia.

Cuticura Soap daily and Cuticura Ointment occasionally, prevent pimples or other eruptions. They are a pleasure to use, as is also Cuticura Talcum, a fascinating fragrance for perfuming the skin.

Sample Each Free by Mail Address: "Cuticura Laboratories, Dept. B, Malden 44, Mass." Sold everywhere. Soap 25c, Ointment 25c and 50c. Talcum 25c. 25c Cuticura Soap shaves without mug.

LOST—White curly dog answers to "Trixie"; \$5.00 reward. Phone 819. 9-11-61d*

Slim Jims Scout Big Leagues to Recruit Pinch Hitters for Game With Fat Men's Club On Sept. 22

With the big fat and lean ball game only a few days off, much stir and excitement is in evidence around the camp of the lean men, and an interview with the manager of the lean club, T. O. Cullins, shows that the lean men will not only be a match for their heavier opponents but, according to Cullins, will have them bested in pinch hitters. He declares his club will be content with 107 runs.

"We have exerted every effort to get league players," Cullins asserted. "Realizing that our near neighbors will not be very easy to knock out of the game, we decided to get all the good men available. I am especially proud of our pinch hitters, even if some of them have never had a bat in their hands before."

Cullins, who has been appointed captain of the club for the slimjims, submitted a tentative line-up as follows: Carson, pitcher; Bud Gregg, left field; Haraway, short stop; Ed Harrison, right field; Oscar Chauvency, center field; Bailey Bobbitt, catcher; H. F. Felix, third base; Charlie Bobbitt, first base; R. W. Simpson, second base; T. O. Cullins, manager.

Pinch hitters for the lean team will be Jim Duncan, Tom Hope, Bill Elliot, A. R. Chilcutt, P. A. Norris, Ed Hunter, M. C. Wilson, Bill Mays, John McKinley, and all others that "can be bought for a reasonable sum, not to exceed 25 cents."

Fearing fans would not appreciate his efforts in getting up a real team, Cullins continued to give a brief history of some of his teammates, their baseball experience, and prospects for a home run record to be set September 22 when his men get going.

Among the pinch hitters, he said that Jim Duncan was one of the best, having played for years on the second team of Mill Creek. Tom Hope, formerly a pitcher with the Dallas leaguers, but who was sold to Cullins for 29 cents on account of a bad arm, is another hard hitter.

REMINGTON NO. 10 TYPE-WRITER, good as new. Will sell at bargain. This machine can be seen at the office of the Ada News at any time. If you are in need of a typewriter, you will miss an opportunity if you do not see this one—and then buy it.

Priced to Sell—\$50

ter, he said. He also stated that A. R. Chilcutt promised to become a home run king, and that a scout of the American league had been in the city for days in an attempt to purchase him for the Cleveland Indians.

Scouted in New York. P. A. Norris has just returned from New York where he attempted to get a place as pinch hitter with the Giants, according to Cullins, but was not accepted on account of inexperience. Ed Hunter, another pinch hitter, was formerly a pitcher on the Honey Grove bush league, but was fired on account of "throwing" a game, the final score being 98 to 99, several fans said today.

"We have just closed a deal with the hick league of Texas for the use of John McKinley as a pinch hitter in this game," Cullins said. "I had to pay 26 cents for him, and as that was one cent more than I was allowed with which to buy players, I just decided to pay it out of my own pocket as I couldn't afford to lose a good man. McKinley made a good pig tail for that club."

Kit Guest will be on hand to protect the slim players and has employed nine men to assist in handling the fatties. Cullins has employed Roy Givens and R. B. Pauze Le Roy as agents for a new patented red lemonade which will be sold by them free, he said.

Prof. J. E. Hickman, Dr. A. Linseheid and Prof. A. L. Fentem will have charge of the ticket selling and gate receipts in was said today. All proceeds will be given to the High School Athletic association. Efforts will be made to get everybody in town to attend the game, which will be held all afternoon next Thursday. If it takes longer than a half day to play the game some intimated that it would be continued another day.

The grandstand at the fair grounds park will be divided into two sections, it was understood today. One section will be reserved for the stout women and the other for the slim women, to keep them from getting into trouble. Badges will be worn by all present announcing the team they favor.

OHIO'S GRIDIRON SEASON TO START WITH VETS GONE

COLUMBUS, O., Sept. 17.—With eight letter men of last year's Western Conference championship team out by graduation and inability, prospects for Ohio state's football team this year points to a backfield of doubtful quality. The line looks strong.

Loss of such men as "Pete" Stinecomb, All-American halfback; Willaman, All-Western fullback and Bliss and Henderson, halfbacks, who were graduated, and "Hoge" Workman, quarterback and forward passing star, who is ineligible, will make Coach Jack Wilce's task of whipping together a back field difficult. In particular, Stinecomb's open field running and Workman's long and accurate forward passing will be hard to duplicate.

In making up his new backfield, Wilce has several veterans of last year's squad and some new material with which to work. Blair, who late last season was switched from end to halfback where he did exceptionally good work, is expected to be one of mainstays of the backfield. Isabel, C. Taylor and Doig, all of whom played last year, are eligible for fullback or halfback positions, while Cott and Wiper are positioned to fill in the quarterback ineligibility. In addition, Captain Stuart of last year's freshman eleven is expected to make a strong bid for a half back position.

Namecek, giant center, and J. Taylor, guard, are the linemen lost by graduation. Taylor's place will probably be filled by "Dutch" Prieley, who was given All-American mention at guard two years ago and who will return this year. Several likely candidates for center including Pauley, a substitute last year, are available.

The remainder of the line will probably be made up of 1920 veterans, including Captain Myers and N. Workman at ends; formed Captain Huffman and Spiers, tackles, and Trotter, guard. From last year's freshman squad, Boni Petroff and "Tee" Young are expected to put up a strong fight for line positions.

EXCESS TAX PROPOSED ON ROOMS OF HOTELS WASHINGTON, Sept. 17.—Under an amendment to the house tax bill adopted today by the senate finance

PLANES MAY RULE BOATS FAR BELOW

New Radio Discovery Will Change All Warfare Is Belief.

(By the Associated Press)

WASHINGTON, July 11.—The efficient performance of the battleship Iowa under radio control during recent aerial bombing tests may lead to revolutionary changes in naval development, officers believe. Without a soul on board, the Iowa was maneuvered from the battleship Ohio, five miles away with the utmost precision and there was not a hitch in the mechanism in more than two hours while the Iowa was being bombed.

It was a scientific triumph. The Iowa was a real "flying Dutchman" that mythical crewless ghost of the seas, as she obeyed the will of Captain F. L. Chadwick on the Ohio, almost hull down on the horizon. The invisible, magic fingers of the radio reached out across the sea to whirl the Iowa's steering wheel, operate the fuel oil and water supply valves and start and stop the ship.

So perfectly did the control function that the officer on the Ohio maneuvered the Iowa away from the attacking air forces at the moment the bombs were being released, varying the speed of the target vessel at will. Army and navy officers who witnessed the test were much impressed by the possibilities of development of the radio control idea for use in future wars. It was said to be apparent that radio control might eliminate some loss of life in such enterprises as "block ship" operations as when the British undertook at Zebrugee and Ostend to bottle up German submarines. The "block ship" of the future it was pointed out might sail safely into an enemy harbor without a soul on board and be sunk to obstruct its channel by the electrical explosion of her magazines.

Planes May Control Ship

Already the navy is working out plans for shifting control at will from a surface vessel like the Ohio to aircraft, either heavier or lighter than air. The radio control device on the Ohio is so simple officers say, that little difficulty is anticipated in adapting it for use in an airplane or a dirigible. When this development is worked out the controlling aircraft will be able to work at an altitude of 10,000 feet and above, safe from any gunfire from below, and steer the controlled vessel anywhere on the sea within fuel radius.

A movement is afoot to install radio control on at least one more obsolete battleship and two old destroyers to serve as targets for aerial bombing practice and further experiments with radio control. Extension of experiments to the possibility of applying the radio control idea to aircraft also is under consideration and it is within probabilities that giant, crewless bombing planes, loaded with high explosives could be launched against naval vessels, cities and forts with no costly sacrifice of trained officers and men.

The entire radio control idea, a post-war development, in its present application is in its infancy, naval officers believe, and they expect great improvement in the efficiency and of the which I J G x z x z x z and scope of the control within the next few years.

Deserted Cabin in Colorado Is Mystery to Mining Circles

COLORADO SPRINGS, July 11.—The finding of an old prospector's cabin, far up in the hills from Colorado Springs is the subject of much speculation among mining men here. The cabin, apparently deserted for several years, was elaborately furnished. Heavy oak furniture with bison and bear skins were scattered about the big living room. Dear heads and the heads of mountain sheep decorated the walls, and in one of the adjoining rooms was found a decaying canvas sack half filled with gold dust.

The cabin was six miles from railroad or wagon road and the ownership is a matter of conjecture. No trace was found of human beings in the vicinity of the cabin and local men are unable to determine how the furniture and fittings of the cabin were ever brought to the spot where the cabin was located.

Local furniture men declare that the fittings of the cabin are worth at least \$6,000.

The cabin was discovered by two Boy Scouts who were on a hiking expedition over July 4.

Last Initiation of Red, Red Rose Will Be Staged Tonight

A final meeting of the Red, Red Rose will be held Thursday night at the Normal. At this time a bunch of "lowly neophytes" will be shown the benevolence of the "Old man's" will. After the initiation, a luncheon will be served at the American Cafe.

"The Old Man" will come down to Ada for his last time this year from the "cold north to bestow his blessing of his children and to gather the new ones to his fold." A lively time is being anticipated by the older "children" when they lead their brothers-to-be through the dark, mysterious passages of the initiation.

Turn to the want ad page.

IN SOCIETY

J. M. Burdick has returned to the city after spending a week's vacation in the Ozarks.

Mr. and Mrs. J. F. M. Harris have returned from Madill where they spent the week-end visiting their son.

Mr. and Mrs. Frank Arnett are rejoicing over the arrival of their first son Sunday.

Mrs. Jacob Pelter, who has been operating the Pelters' Fashion shop for some time, has sold out and will leave Wednesday for St. Louis to join her husband. Mr. Pelter has been failing in health and is under treatment at one of the St. Louis hospitals. Mrs. Pelter says she is sorry to leave Ada and expects to return and re-open her business as soon as the health of her husband will permit.

Mrs. Owen Stiff left Saturday night for Texas where she will spend a week visiting relatives and friends.

Mr. and Mrs. W. E. Pitt left yesterday in their car for Whitesburg, Texas, to spend a week visiting relatives and friends.

C. A. Gay and family and J. H. Kirby and wife have returned from an overland trip to Galveston, San Antonio, Dallas and Waco, Texas.

Mrs. E. E. Emerson and baby left Saturday for Magazine, Ark., for a visit with her mother. She will be joined by her husband, Earl Emerson, principal of the Hays ward school, as soon as his work at the summer high school is completed.

C. K. Meaders and family are here from Okemah for a visit with Mr. Meaders' sister, Mrs. W. B. Jones and his brother, Frank Meaders.

Mr. and Mrs. Neal Wimmer of Shawnee were in the city Sunday, guests at the home of Rev. and Mrs. R. C. Taylor.

Mrs. Delcia Staley, who has been in the city visiting her parents, Mr. and Mrs. A. Lewis, left today for Dallas where she will accept a position in a millinery shop.

T. B. Hussey of Jefferson, Texas, who has been in Ada for a short visit with Mrs. Marvin Brown and Miss Jessie Rogers, left today for Lake Michigan.

Miss Jessie F. Rogers left today for Huron Beach on Lake Michigan, where she will be the guest of her sister, Mrs. John Hussey, for a month.

U. R. Watson, who has been here for several days visiting Rev. and Mrs. C. C. Morris, left last night for Dallas. From there he will go to his home in Paducah, Ky. Mrs. Watson and little daughter will remain here several weeks. Mr. Watson is freight traffic agent for the N. C. and St. L. railroad.

Misses Eileen King and Virginia Lyre Foster of Sulphur, visited with Ada friends over Saturday and Sunday, returning home today.

Meadors-Bilby Wedding. FRANCIS, July 11.—(Special)—The marriage of Miss Maggie Mae Meadors to Mr. Harold F. Bilby was quietly celebrated at Francis Saturday afternoon at 2:30 at the home of the bride's relatives, Mr. and Mrs. S. M. Richey, Rev. J. A. Lansing reading the ring service.

Preceding the ceremony the wedding march, Mendelssohn, was played by Mrs. Doyle Rollins of Madill. The bride, who wore a gown of white organdy over white satin, carrying white roses and fillets of the valley, was a pleasing picture of sweetness.

A reception was given for the relatives and friends after the ceremony which was enjoyed in an informal manner.

After the ceremony, Mr. and Mrs. Bilby left on the evening train for their home in Broken Arrow, Okla. The bride is a daughter of W. T. Meadors of Holdenville. She is a graduate of the Holdenville High school and is also a student of the Central State Normal at Edmond.

Mr. Bilby is a citizen of Holdenville, but his business interests at Broken Arrow has demanded that he take up his residence there. He is a young business man of striking ability and evidently has in him the making of a success. He is also a graduate of Holdenville High school and a senior in the University of Oklahoma. He is a son of W. H. Bilby of Bilby, Oklahoma.

The acquaintances of the young people of Francis and Ada, with which Mrs. Bilby is a prime favorite, wish them much happiness.

ALTITUDE RECORD BROKEN BY U. S. ARMY FLIER

COLORADO SPRINGS, July 11.—Lieut. E. E. Bowers, formerly of the government flying service, and now pilot for the western aircraft company, broke what is believed to be the mountain region altitude record when he sent his plane 3,000 feet above the summit of Pike's Peak, a total of 17,400 feet high.

The altitude record was broken on the second attempt. In a previous attempt to break the record Lieut. Bowers reached a height of 2,500 feet above the summit of the Peak when his hands became numb and he fell into a nose-dive, breaking his plane when he landed in a tree.

The man who invented a want-ad was on to his job. It is the quick road to results. Try one.

Oak Avenue Baptist Revival Meeting Is Ended Sunday Night

The revival meeting which has been in progress at the old Methodist tabernacle at the corner of Sixth and Johnston under the auspices of the Oak Avenue Baptist church closed Sunday night with good results reported.

Rev. C. C. Morris, pastor of the First Baptist church, did the preaching and W. E. Edmiston, of this city, had charge of the music. Members of the church said today that the meeting was decidedly successful. Between 35 and 40 professions of faith were reported and 20 were added to the church. A consecration service Sunday night when six young ladies responded for special Christian service in missionary and young peoples' work closed the meeting.

Sunday afternoon, the ordinance of baptism was administered to 20 persons at the First Baptist church.

ADA ARCHITECT LANDS GOOD JOB AT TUPELO

Albert S. Ross, a young architect of Ada, has been selected to draw up plans and specifications for a large auditorium which will be erected there this fall. The bonds, the proceeds from which will be used to construct the building, were voted a few days ago.

The plans as formulated by Mr. Ross call for an auditorium at this time, and later class rooms may be added. In this manner, the town of Tupelo will soon have a modern school building with auditorium in connection.

This is a distinct honor for Mr. Ross. Although he is young, he is fast making a reputation for ac-

Cigarette

To seal in the delicious Burley tobacco flavor.

It's Toasted

It's Toasted

curacy and is showing a genius in selecting different designs, ever keeping in mind the purpose for which a building is being erected. He is a Pontotoc county man, but has followed his profession in Tulsa and Wichita Falls.

Other school buildings will be handled by Mr. Ross this fall.

Marriage License. Eddie Mosley, 21, Blanchard; Miss Fannie Blue, 18, Stonewall.

Early Showing of Fall Millinery and Suits

A Characteristic Silhouette

In one of the characteristic silhouettes for the coming season the waist is large and bulky and is placed at a low line, while the hips are slim and tightly draped. The skirt flares gradually from snugly fitted hips to the lower edge. The inspiration for this silhouette is largely drawn from Persia and Hindustan. Suits for the winter are featured with jackets in various styles, knee-length or longer. Sleeves of suit are set in at a deep armhole. Jackets in severely plain tailored styles are also featured. We have just received some of these striking new suits for the Fall season, colors, in Navy, Brown, and even Black stronger than heretofore. Tricotine and Triconia are featured greatly for the early season, at very moderate prices.

\$24.50 up

NEW FALL CHAPEAUX

Two-color combinations are good in demand—small trimmed hats with ribbon bands in colors of Orange, Blue and Tangerine are predominating in materials of Duveltyne and Velvet. Pressed Beaver Sailors with roll brims, in colors of Black, Navy, and Brown will be very much in vogue for the on-coming season. Felts and Felt Sailors in colors of Jade, Tangerine, Black, Blue, and other new Fall shades, with roll brims are also greatly favored. With our new assortments and new ones arriving daily, we invite you to inspect our new showing, which we have so moderately priced.

Hostesses: Mrs. R. E. Haynes, S. W. Hill, B. D. Dawson and J. B. Gay.

A cordial invitation is extended to all.

Christian Church

9:45 a. m., Bible school.

11:00 a. m., morning worship.

8:00 p. m., evening worship.

The Men's Bible class keeps growing in spite of the hot dry weather.

If you have not attended any of the meetings you don't know what you have missed. Come and the class will welcome you.

At the morning hour the pastor is preaching a series of sermons on the Book of Acts. The one Sunday morning will be the second of the series. These will be instructive and helpful.

At the evening hour the pastor will preach by request on a theme that is of great importance to all Christians. The theme is "The Witness of the Spirit". It is a theme that is much discussed and much misunderstood. Let's study it over together. Other requested themes will follow each Sunday evening. Come and join us in these studies. You are invited. You will be made welcome.—H. M. Woods, pastor.

Union Christian Endeavor Program.

First Christian church, Sept. 18, 1921, 7:00 p. m.

Address: Mr. Hal McNutt, Durant, Okla.

Announcements.

Benediction.

Union Christian Endeavor Service.

The Christian Endeavor societies of the Presbyterian and Christian churches are to have a union meeting Sunday evening at 7 o'clock at the Christian church. At this time Mr. Hal McNutt of Durant, vice-president of the Christian Endeavor Union of this district, is to be present and address the meeting. All Christian Endeavorers of both churches are expected to be present, and all young people are cordially invited to attend; as well as all the older people who are interested in the Christian Endeavor work. The Normal students of the city are especially invited to be present.

First Methodist Church.

Rev. E. H. Driskill will preach at the Sunday morning service at 11 o'clock. Dr. A. Linscheid, president of the East Central Normal, will deliver a lecture in the evening at 7:45. Both of these are instructive and interesting speakers and you

will be benefitted by hearing them. Special music at both morning and evening service.

Sunday school at the usual hour. Everybody is invited to all services. Spworth League will meet at the usual hour.

First Baptist Church B. Y. P. U.

St. Luke's Church.

There will be Morning Prayer and sermon at St. Luke's Episcopal church at 11:00 a. m., with Archdeacon Chapin officiating. Sunday school at 9:45. Everyone is cordially invited to attend these services.

There will be no evening service. Monday at 3:30 p. m., the ladies Guild will meet at the church. At 7:30 o'clock Monday evening there will be a meeting of the congregation and all persons interested in St. Luke's church are cordially invited to be present. The Archdeacon will be present at this meeting to consider the problems of the church and give counsel.

First Baptist Church.

Our Sunday school meets tomorrow at 9:45. Mr. J. A. Ridding is the general superintendent. Last Sunday we had present 461, which was a gain of 59 over the preceding Sunday. We want above five hundred tomorrow and on September 25 we want 1000 people in Sunday school. The workers are going to meet tomorrow afternoon at 2:30 for the purpose of taking a religious census of the city. We are going to make an effort to get every Baptist in Ada in Sunday school on September 25.

The pastor will preach at the morning hour, the second sermon in the series on "Stewardship," when the subject will be "The Doctrine of Tithing." If you are not clear on this subject we cordially invite you to come Sunday morning and study the matter with us as we shall see what the Bible teachers on the subject. We have a number of titheers in our church already but we want more of our people to begin the practice.

The Junior B. Y. P. U. will meet at 7 o'clock. Let all young people between ages of 9 and 12 be present.

The Intermediate B. Y. P. U. will meet at 7 o'clock. Mr. and Mrs. C. A. Bell will be in charge and Mr. and Mrs. Tom Fullerton will be present with the possible view of relieving Mr. and Mrs. C. A. Bell of this work.

The Senior B. Y. P. U. will meet at 7 o'clock. Mr. Bernard Howard is president. A cordial invitation is extended to all the young people to be present, especially the Normal students.

At the evening hour the pastor will preach on the subject "The Cheapest Thing on Earth." This message will be evangelistic and an appeal will be made to the unsaved to come to Christ.

The public is cordially invited to any and all our services. We had about one hundred and fifty additions to our church in the last twelve months. Our hearts rejoice. Let us greet you tomorrow.

CLYDE CALHOUN MORRIS, Pastor.

Men's Bible Class.

The Men's Bible Class of the First Baptist Sunday school will meet at 9:30 at the McSwain theatre. Last Sunday we had about one hundred men present. We are expecting one hundred fifty men present tomorrow. On September 25, we are going to have 250 men present. We are planning to have 1000 people in the entire Sunday school on that day and the officers of the Sunday school have apportioned our class to have present 250 of this number.

It is our plan to have a picture of our class made that day and we want to make a fine showing. Come tomorrow and hear the full details of our plans for having this large number present. Mr. L. A. Ellison will teach the class tomorrow and if you hear him once you will want to come again.

C. C. MORRIS, President.

J. T. BRALY, Secretary.

Christian Science services at 111 North Broadway at 8 p. m.

Subject: Matter. Golden Text: Job 31:24-28. If I have made gold my hope, or have sold to the fine gold, thou art my confidence; this also were an iniquity to be punished by the judge; for I should have denied the God that is above.

Christian Science reading services will hereafter be held at evening church service hour instead of at morning hour.

USED IN ONE FAMILY FOR TWENTY YEARS

San Antonio, Texas.—"For the past twenty years Dr. Pierce's Favorite Prescription has been my stand-by as a tonic. I took it during my first pregnancy and it relieved me of all nausea and I had practically no suffering. I have also given this medicine to my daughters when they were developing into womanhood and found it to be all that could be desired; in fact, I do not believe there is a tonic on the market that can come up to Dr. Pierce's Favorite Prescription for young girls and women."—MRS. E. D. SKINNER, 119 South St.

Sold by druggists for fifty years.
